

Privilèges administratifs délégués granulaires de Microsoft (GDAP) StreamOne Cloud Marketplace (SCM)

Qu'est-ce que le GDAP ?

Microsoft a récemment introduit la fonction Granular Delegated Admin Permissions (GDAP) pour faire face aux risques de sécurité dans le programme CSP lors de l'installation. Historiquement, les clients FSC accordaient à TD SYNnex un rôle DAP (Delegate Admin Privileges) donnant un accès complet à l'environnement du client final en tant qu'administrateur global de la plate-forme. Pour réduire le risque potentiel de sécurité de ce type de rôle, Microsoft a introduit GDAP comme une fonction de sécurité permettant aux partenaires de contrôler le niveau d'accès donné à leurs fournisseurs pour les services Microsoft en nuage. GDAP permettra aux partenaires de sélectionner un niveau de permissions plus "granulaire" et de le rendre unique par client.

Que fait TD SYNnex pour s'adresser ?

Dans le cadre de cette approche granulaire, nous avons repensé la fonctionnalité de notre plateforme actuelle avec des autorisations basées sur des rôles pour le locataire du client final. Actuellement, les revendeurs ont la possibilité de vérifier le rapport GDAP afin de visualiser facilement les demandes de statut et de faire passer manuellement les clients du DAP au GDAP. Microsoft prévoit de fournir les outils nécessaires et de permettre à TD SYNnex de transférer automatiquement les clients vers GDAP.

Parcours utilisateur du revendeur

Visualisation des paramètres sur le tableau de bord

1. Pour vérifier les paramètres de ce tableau de bord, le revendeur doit se connecter à SCM et, à partir du portail des revendeurs, cliquer sur Insights, puis sur GDAP Report. Le rapport est chargé sur la base de l'ID MPN du locataire, y compris les locataires qui n'effectuent pas actuellement de transactions dans SCM.

The screenshot shows the TD SYNnex Reseller Resource Center dashboard. The top navigation bar includes links for Home, All Categories, Vendor, and a search bar. The main content area is titled "Welcome Purple *-edgeeee 0038006872". On the left, a sidebar menu lists various options: Home Page, Orders, Insights, GDAP Report (highlighted), Recurring Billing, Digital Locker, Address Book, Opportunities, and My Profile. The main content area displays the "GDAP Report" section, which includes a "Latest Activity" section with a link to "Click on Hyperlinked Titles to see Full Reports". Below this, there are sections for "Renewals" (showing "Renewals: None"), "Trials" (showing "Trials: None"), "Saved Carts" (showing "Show 10 entries"), and "Saved Quotes" (showing "Show 10 entries"). Each of these sections contains a table of data.

2. Le rapport GDAP est conçu pour donner au revendeur une vue d'ensemble, un guichet unique, de tous les accès de TD SYNnex à ses clients finaux. Il ne montre que l'accès dont dispose TD SYNnex, et non celui dont dispose le revendeur. Les autorisations dont dispose TD SYNnex et les autorisations dont le revendeur peut disposer, du point de vue du GDAP, sont deux éléments distincts.

Gestion du cycle de vie

1. Connectez-vous au casier numérique et choisissez un client. L'idée derrière le GDAP est de s'assurer que le bon niveau d'accès est accordé du point de vue du client final, afin que la plateforme puisse exploiter ses diverses fonctionnalités de gestion du cycle de vie. Il s'agit actuellement d'un processus manuel, mais il sera automatisé dès que Microsoft publiera des outils permettant ce passage automatique.

Si le revendeur n'est pas sûr que la demande a été soumise, il peut vérifier en cliquant sur le lien "gérer les utilisateurs" qui affichera le message d'approbation en attente.

- Une fois approuvé, une notification par e-mail, similaire au message ci-dessous, sera envoyée au revendeur de l'approbation de l'accès GDAP.

De plus, Microsoft enverra un courriel au client final avec le nouveau numéro d'identification de l'entreprise.
informations sur le rôle approuvé.

You have a Granular admin relationship with Tech Data Corporation

You have a Granular admin relationship with Tech Data Corporation

An administrator in your organization approved a Granular admin relationship with Tech Data Corporation for your account with Microsoft. This gives them access to the Microsoft 365 admin center and other sites to manage your account.

Details

Approved by	admin@tdscmgdapttest.onmicrosoft.com
Expires on	April 29, 2024
Relationship name	ce6fa861-b961-411f-8c2e-1685b7c65817-1652184450
Partner roles	View assigned roles in Microsoft 365 admin center
Partner name	Tech Data Corporation
Partner contact	Partner contact information

- Pour confirmer que le processus d'autorisation a réussi, le revendeur retourne à la section Gérer les utilisateurs et voit l'accès au locataire à un niveau GDAP. Vous ne verrez cette vue de la section Gérer les utilisateurs que si vous avez accès au locataire au niveau GDAP.
